

FAASTeam Fall Safety Seminar

Why do pilots push themselves into deteriorating weather and quickly lose control of the aircraft? Aircraft accident investigations reveal human error as the primary cause of loss of control fatalities.

Directions: This Saturday Morning Safety Seminar will take place at the Custer County Airport's Main Office Building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
